

My Community Economy

Create a prosperous community for all with these practical blueprints.

Hello
Community
Change Maker
We're glad
you're here.

You've come to the right place because
you're a **changemaker** looking to create a
positive impact in your community!

You're part of our mission.

So let's get started!

Our Three Key Goals

Bridging the divide between communities to help overcome poverty

Connecting residents with trustworthy community businesses & service providers

Embed the spirit of community business and entrepreneurship

What We'll Cover

01

Community
Business
Support &
Growth

02

Service Provider
Support &
Growth

Community Business Support & Growth

01 Smart Providers Platform

Help local businesses to market themselves easily to local residents. Smart Providers App allows these business owners to:

- Create a digital profile with ease
- Run targeted promos via the app to the community
- Reward active citizens in the community

02 Onboarding Community Businesses

Working with Smart Communities you can access Community Malls & business zones to attract more businesses onto the platform.

03 Cause Based Marketing

Showcase what local business is doing for the community to drive loyalty and trust.

Community Service Provider Support & Growth

01 Smart Providers Platform

Help local service providers to create sustainable income and find new customers in the community. The App supports the following:

- Create a digital profile with ease
- Help local residents find trusted service providers
- Build a thriving community for all

02 Onboarding Service Providers

Working with Smart Communities you can onboard service providers commonly used in your community.

03 Bridge the Economic Divide

Find trusted artisans from neighboring informal communities and help them access work opportunities in your community. Give residents the peace of mind knowing that they are supporting reliable recommended service providers.

Become a Champion for Community Economic Growth & Prosperity

Through Connecting

Get your community connected on the Smart Communities App for access to trusted service providers close to home

Through Supporting

Get local small business owners in the community on the Smart Providers App for them to localise promos and visibility to the local community.
