

USE CASE

LOCAL SECURITY SCHEMES & RESIDENT ASSOCIATIONS

Empowering Communities through Digital Management

Need to increase community contributions, retention and increase the value of your community?

Challenges

- Financial sustainability of local schemes
- Ongoing crime and environmental issues due to low community participation
- Lack of oversight of municipal service delivery issues

Benefit 1: Increase Contribution

Increase community contributions to your scheme with an effective targeted marketing and communication plan that demonstrates the value you add.

Benefit 2: Add Value

Use our AI-enabled platforms and Virtual Assistants support to address community relationship problems related to environment, service delivery and safety.

Benefit 3: Reward Contributors

Issue tax certificates to community contributors and reward their participation in the community with our Smart Rewards Platform

Solutions

Smart Communities empowers Local Security Schemes and Resident Associations to effectively communicate and manage community needs using our tech and data enabled platform:

- Empower residents with your community app to report issues related to safety, environment and service delivery
- Mobile payment solution to collect and track community contributions
- Section 18A tax certificates for community contributors
- Effectively market yourself to non contributors and drive sales
- Coordinate community events
- Reduce noise of WhatsApp groups by providing the community with a dedicate mobile app for your community
